

TECHNICAL DATA SHEET

ISOMAR GOCCE OCULARI

CLASS	IIb sterile (Rule 15) Invasive Medical Device (“confort solutions”)
SIZE VARIANTS	15 single-dose vials 0.5 ml each 10 ml multi-dose flask
PURPOSE AND EFFECT	ISOMAR OCCHI has been conceived with the aim of: relieving burning sensations associated with fatigue and redness induced by video screens, extended reading, sunlight reflections, wind and air conditioning (distilled water of <i>Centaurea cyanus</i> , <i>Helicrysum italicum</i> and <i>Calendula officinalis</i>); hydrate and lubricate the conjunctival mucosa in elderly patients or wearers of contact lenses in order to alleviate the symptoms of dry eye in cases of hyper tear evaporation (hyaluronic acid and hypromellose); clean the sclera conjunctiva from any foreign matter such as dust, pollen and irritants; alleviate, in a completely natural way, the problems caused by allergic oculorhinitis in order to counter the abuse of sympathomimetic drugs (distilled water of <i>Euphrasia officinalis</i> and extract of <i>Cineraria maritima</i>). The formulation further comprises isotonic sea water as a solvent, the composition of which, due to the presence of natural elements, makes it much more similar to the inorganic fraction of human plasma than the common saline solution.
CHARACTERISTICS	Isomar occhi 15 single-dose vials 0.5 ml each Isomar occhi 10 ml multi-dose flask Single-dose strip design

ACTIVE PRINCIPLE	Maris Aqua (seawater), extract of <i>Jacobeia maritima</i> , distilled water of <i>Calendula officinalis</i> , distilled water of <i>Euphrasia officinalis</i> , distilled water of <i>Helicrysum italicum</i> , distilled water of <i>Centaurea cyanus</i> and Sodium Hyaluronate.
HOW TO USE	Instill 1-2 drops in the eye, up to 4 times per day. The presence of the preservative in the multi-dose preparation makes the product usable for 30 days after opening. On the other hand, the seawater contained in ISOMAR OCCHI Eye Drops single-dose 0,5 ml doesn't contain the preservative and, for this reason, the solution has to be used within 12 h.
HOW TO STORE/ WARNINGS	<ul style="list-style-type: none"> • Store in a cool dry place and avoid direct sunlight. • Use within expiry date.
CONTRAINDICATIONS AND SIDE EFFECTS	Sterile non injectable solution. Keep out of the reach and sight of children.
