

TECHNICAL DATA SHEET

DOLORELAX GEL CALDO 75 ML

CLASS	I (Rule 5)
SIZE VARIANTS	Tube 75 ml
PURPOSE AND EFFECT	DOLORELAX gel caldo is a medical device in gel to be applied on the affected part to alleviate muscle tension and joint pains of the neck, shoulder and back. DOLORELAX gel caldo is particularly effective for cold, rigid muscles, and for joint stiffness upon exposure to cold.
CHARACTERISTICS	Gel in tube 75 ml
ACTIVE PRINCIPLE	Arnica glycolic extract, Calamus hydroglycolic extract, Horse chestnut glycolic extract, Davil's claw glycolic extract, Vitamin E acetate, Potassium glycyrrhizinate, Methyl salicylate and Camphor.
HOW TO USE	Apply the gel directly onto the skin, as often as required, and massage delicately until completely absorbed.
HOW TO STORE/WARNINGS	Do not apply the gel onto wounds, eczemas or skin rashes, or onto mucous membranes, the face or close to the eyes. Keep out of the reach of children.
CONTRAINDICATIONS AND SIDE EFFECTS	People prone to allergic skin reactions should apply an amount of gel on the inside of the elbow, to ensure the product is well tolerated. In the event of irritation or itchiness, discontinue use and consult a specialist.
